# Decorative Tiered Panel Card with Teacup

EEN PROJECT UIT ONZE LIVESHOW - CREATE TOGETHER CLUB - 9 JUNI 2025

HET EINDRESULTAAT

OVER DIT PROJECT

Create an elegant tiered panel card featuring a vintage teacup arrangement in soft pinks and florals. This dimensional design uses layered decorative papers of varying heights to build visual depth, topped with a delicate birdcage embellishment and floral teacup centrepiece. The main techniques include fussy cutting, dimensional layering, and careful placement to achieve a stepped, eye-catching effect.

## TIPS UIT DE SHOW

• Create intentionally different gaps between panels rather than spacing them evenly for a more interesting, asymmetrical design.
• Use foam pads on the panels themselves to add extra dimension to the card.
