OVER DIT PROJECT

Make a stunning three-panel stepped card featuring the romantic Sweet Serenity collection in soft pinks, lavenders and golds. Each panel is layered with white-bordered decorative papers showcasing vintage teacups, delicate florals and elegant cake designs. The graduated sizing creates a beautiful cascading effect that adds dimension and sophistication to this special handmade card.

TIPS UIT DE SHOW

- You can decorate the full sheets and panels before cutting, or decorate after cutting – both methods work.
- Keep all your off-cuts as they are brilliant for tags and small projects later in the week.
- Don't be afraid to use the paper collection generously; you have plenty to work with.
