STAP 5 VAN 9

Fussy-cut the flower and leaf elements from the Cerulean Charm embellishment sheet, leaving a small white border around each piece for a decoupage effect.

STAP 6 VAN 9

Using small scissors, cut into the petals of the floral images to create dimension. This will allow the flowers to be raised and layered on the card for added depth.

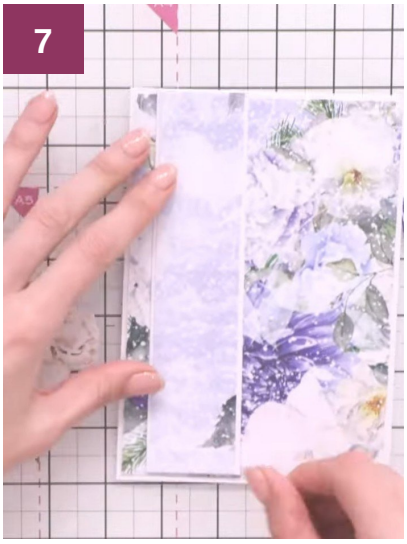
7



STAP 7 VAN 9

Adhere the white stamped panel flat to the card base. Layer the fussy-cut purple flowers and green leaves on top, using foam pads for some elements to create dimension and depth.

8

STAP 8 VAN 9

Apply white ink around the edges of the stamped Eiffel Tower and silhouette elements using an ink pad. Gently dab the ink to push the images back slightly and create contrast against the darker background.

9

STAP 9 VAN 9

Position the completed card on your craft mat and smooth it down with your hand to ensure all elements are securely adhered. Add any final embellishments such as a small gem or sparkle detail to complete your Cerulean Charm birthday card.

TIPS UIT DE SHOW

- Leave a small white border when fussy-cutting to create a soft halo effect similar to a die-cut piece.
- Don't cut all the way into fine details as it will make the pieces too flimsy; go in as far as you dare whilst maintaining structure.
- Use white ink to push back darker stamped elements and create contrast on busy backgrounds.
