OVER DIT PROJECT

Create a delightful handmade card featuring adorable woodland animals and soft watercolour florals in gentle yellows, greens and autumn tones. STAP 8 VAN 11

Using a nail file, lollipop stick or brush handle, rub firmly over the entire rub-on transfer design to ensure it adheres completely to the card surface.

STAP 9 VAN 11

Carefully peel away the transparent carrier sheet from the rub-on transfer to reveal the sentiment on your card. The design should now be permanently transferred onto the card surface.

TIPS UIT DE SHOW

- Rub-ons are like old-fashioned tattoos; they transfer a design onto the card surface.
- If a rub-on does not transfer correctly, you can place it back down and rub again.
- Rub-ons give your card a printed, professional finish without the need for stamping.
