

Black Card Rose with White Halo and Layered Colour

EEN PROJECT UIT ONZE LIVESHOW - MY PODCAST - 28 APRIL 2025

OVER DIT PROJECT

Make a beautiful purple rose design on black card using a clever white ink halo technique. The project combines stamping with coloured pencil work, building layers of purple and pink over a white base to create depth and vibrancy. This striking piece demonstrates how to achieve brilliant colours on dark backgrounds through careful layering.

TIPS UIT DE SHOW

- The white ink halo underneath allows you to add vibrant colours on black card that would normally be invisible.
- Let pigment ink dry between layers to avoid smudging.
- You can skip stencil layers or leave parts of the white halo showing for different effects.
