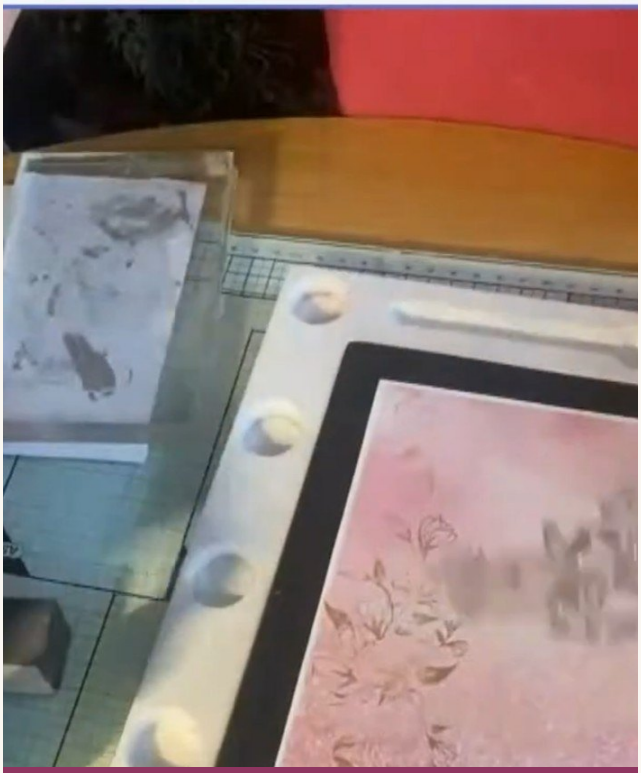
EEN PROJECT UIT ONZE LIVESHOW - ONE DAY SPECIAL - 25 APRIL 2025



HET EINDRESULTAAT

OVER DIT PROJECT

Create a beautiful layered floral card featuring vintage-style botanicals from the Classic Garden paper collection. This sophisticated design combines fussy-cut flowers and foliage arranged in a collage style with dimensional foam pads for depth. The finished card showcases soft pink and cream tones with delicate floral imagery and a 'Best Buddies' sentiment.

STAP 5 VAN 9

Add dimension to your fussy-cut floral elements by gently creasing them down the centre and pulling back the petals. This creates a sculptural, three-dimensional effect that will add depth to your card design.

STAP 6 VAN 9

TIPS UIT DE SHOW

- If your blooms are not as large as you want, layer additional floral elements underneath to build them up.
- You can add paint on top of the paper collection designs to elevate the finished card.
- Creasing leaves in the middle and pulling them back creates natural-looking dimension.
