

Heat-Embossed Serendipity Butterfly Mini Card

EEN PROJECT UIT ONZE LIVESHOW - MY PODCAST - 7 APRIL 2025

OVER DIT PROJECT

Create a sophisticated mini card featuring an intricate mandala-style butterfly design heat-embossed in gold on grey cardstock. The delicate butterfly motif is complemented by a 'Grateful' sentiment circle and layered decorative elements in grey and white tones. This elegant project uses heat embossing and die-cutting techniques to achieve a beautiful dimensional effect.

TIPS UIT DE SHOW

- The smallest cards sometimes don't need a lot of work – let the stamped detail be the focal point.
- Don't waste the cut-out centre piece – use it on the inside of the card or on another project.
