OVER DIT PROJECT

Create a charming scene card featuring pre-printed background papers with stamped figures and built-in reflection stamps. This quick and easy design uses the Floral Fusion collection with its soft pinks, greens and florals to create instant depth and shadow. The reflection technique is already incorporated into the stamp design, making it perfect for fast, impressive card-making.

BEKIJK DEZE STAP - 39:45

2**STAP 2 VAN 6**

Stamp the lady figure onto the street scene of the pre-printed card base, positioning her in the street area of the design.

BEKIJK DEZE STAP - 40:00

3**STAP 3 VAN 6**

Ink up just the top portion of your stamp again to add depth to the scene. This partial inking technique will create a reflection effect in your stamped image.

4**STAP 4 VAN 6**

Stamp the same figure over the first impression to create a darker top and lighter bottom. This technique gives a realistic shadow effect with the darker area at the top transitioning to a lighter reflection below.

5**STAP 5 VAN 6**

Trim the stamped card panel down to the required size using a guillotine or craft knife and ruler. Ensure all edges are neat and straight.

BEKIJK DEZE STAP - 40:45

6**STAP 6 VAN 6**

Select a sentiment stamp from the collection and stamp it onto the bottom of your card to complete the design.

BEKIJK DEZE STAP - 41:00

TIPS UIT DE SHOW

- The reflection is built into the stamp design, so you get instant realism with no extra technique required.
- You can use the pre-printed scene setters as-is without stamping if you prefer a simpler card.
