EEN PROJECT UIT ONZE LIVESHOW - IDEAL WORLD - 2 APRIL 2025

OVER DIT PROJECT

Make an elegant layered hydrangea card with beautiful dimensional flowers in soft pinks, purples and greens. Using a set of five numbered stencils, you'll build up colour gradually to create a realistic watercolour effect on your floral design. The finished piece features two delicate hydrangea blooms with stems and leaves, complemented by sentiment words.

STAP 1 VAN 9

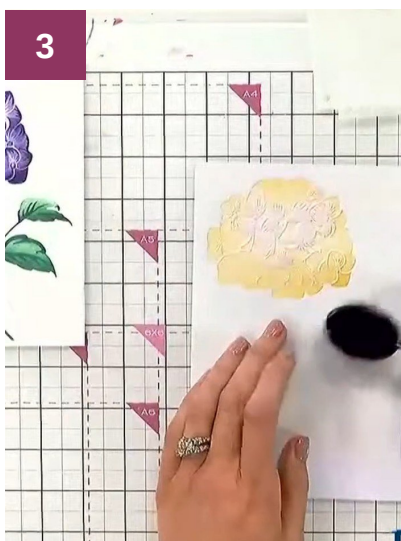

Position stencil number one on your card base, aligning it with the edge. Use the heart registration marks in the corner to ensure proper placement.

STAP 2 VAN 9

Tap off excess ink from your ink pad. Using a sponge or blending brush, blend yellow and orange ink through the first stencil layer onto your white card.

STAP 3 VAN 9

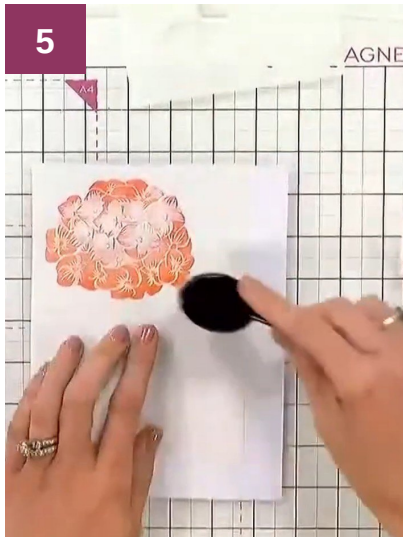

Remove the first stencil and position stencil number two over the yellow area. Apply orange ink to the centre of the stencil using a blending sponge, pressing lightly to build up detail and depth.

STAP 4 VAN 9

Position stencil number three over your card and blend orange ink through the stencil using a blending tool. This adds another layer of dimension to build up the hydrangea flower.

STAP 5 VAN 9

Use stencil number four with green ink to add leaf details to the hydrangea. Apply darker tones at the edges for depth and dimension.

STAP 6 VAN 9

Place the coordinating hydrangea die over the stamped image on your cutting mat. Run through your die-cutting machine to cut out the detailed flower shape with dimensional cut lines.

[BEKIJK DEZE STAP - 18:30](#)

STAP 7 VAN 9

Raise the small petal sections on the back of the die-cut hydrangea piece to create dimension. Gently lift and shape each petal segment to form a fuller, three-dimensional flower head.

TIPS UIT DE SHOW

- If you're new to crafting, just get some colour down on your first attempt—don't worry about perfection.
- Make three cards at once using the same stencils without cleaning between them to save time.
- Start with light ink application and add more if needed; you cannot easily remove ink once applied.
