

Woodland Wolf Stamped Card with Stencil Halo

EEN PROJECT UIT ONZE LIVESHOW - IDEAL WORLD - 12 MAART 2025

OVER DIT PROJECT

Create a striking woodland card featuring a detailed wolf stamp enhanced with atmospheric watercolour effects. The wolf is brought to life with subtle green and brown tones, set against a soft background with hints of purple and peach. Using stamps, stencils and a masking technique, you'll achieve a professional halo effect that makes the wolf stand out beautifully.

Using a brush, apply white ink around the wolf image to create a **halo effect**. This will help the wolf stand out from the woodland background. Blend the ink gently outwards from the wolf's edges.

TIPS UIT DE SHOW

- You can use any colour ink pad instead of the suggested colours to personalise your card.
- The stencil and mask system allows you to create multiple layers and effects on the same design.
- The papers are uncoated, so you can stamp, heat emboss, and run them through embossing folders.
