EEN PROJECT UIT ONZE LIVESHOW - IDEAL WORLD - 12 MAART 2025

OVER DIT PROJECT

Create a stunning woodland forest landscape card featuring a wolf silhouette filled with layered tree designs. Using partial stamping techniques with black ink and subtle blue watercolour accents, you'll build up a scenic forest scene with depth and dimension. The finished piece showcases evergreen trees stamped within the wolf shape, creating an artistic and atmospheric nature-themed card.

TIPS UIT DE SHOW

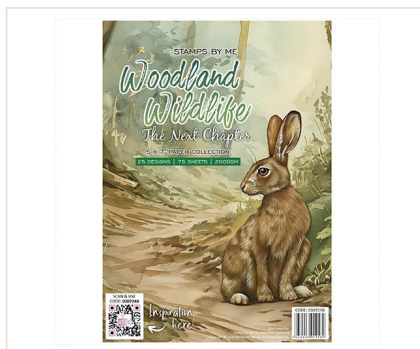

- Partial stamping means you don't have to use the entire stamp design—just the portion you need.
- Varying the height and overlap of tree stamps creates a natural, layered forest effect.
- Transparent stamps allow you to see exactly where your design will land before stamping.
