

Metallic kaart met 3D-embossingfolder

EEN PROJECT UIT ONZE LIVESHOW - IDEAL WORLD - 12 MAART 2025

OVER DIT PROJECT

Create an elegant embossed card featuring a beautiful raised floral design on metallic card stock. The deep green background with copper-toned embossed leaves and berries creates a luxurious, opulent finish. Using a 3D embossing folder and die cutting machine, you'll achieve a stunning letterpress effect with dimensional detail.
