EEN PROJECT UIT ONZE LIVESHOW - IDEAL WORLD - 12 MAART 2025

OVER DIT PROJECT

Create a beautiful layered watercolour flower card using a numbered stencil system. Build up delicate pink and coral petals with purple accents to form an elegant floral design. STAP 6 VAN 8

Continue building up the layered flower design by applying stencils 3, 4, and 5. Use different colours for each layer, allowing the design to develop depth and dimension as you work through the remaining stencils.

STAP 7 VAN 8

Allow the inks to blend naturally where colours overlap, creating a watercolour effect. The blue and purple inks will merge together on the card, producing soft colour transitions typical of watercolour painting.
