

Gestempelde klaproos-kaart op gekleurd karton

EEN PROJECT UIT ONZE LIVESHOW - CREATE TOGETHER CLUB - 14 FEBRUARI 2025

OVER DIT PROJECT

Create a striking card featuring a beautiful poppy flower stamped onto coloured card stock. This elegant design showcases a delicate floral image in dark ink on a soft blue background, mounted on a black card base with a white border. The stamping technique allows you to produce multiple cards with the same design on different coloured backgrounds, giving you plenty of options to choose your favourite colour combination.

STAP 5 VAN 8

Without moving the stamp, remove the card blank and replace it with your first piece of coloured card stock, positioning it in the corner of the stamping platform.

STAP 6 VAN 8

Stamp the poppy image onto the blue card stock using black ink. Re-ink the stamp if needed to achieve a darker, clearer impression.

STAP 7 VAN 8

Repeat the stamping process with each remaining piece of coloured card stock (pink, teal, pale pink, and blue), keeping the stamp in exactly the same position each time to ensure consistent placement.

TIPS UIT DE SHOW

- Do not move your stamp between stampings—this is key to the technique.
- You may need to stamp twice on textured card stock to get good detail in all the grooves.
- If you have multiple pieces of card stock, you can cut them into strips and paper piece them back together to create additional unique cards from the offcuts.
