

Kaart met horizontale strepen in paper piecing

EEN PROJECT UIT ONZE LIVESHOW - CREATE TOGETHER CLUB - 14 FEBRUARI 2025

HET EINDRESULTAAT

OVER DIT PROJECT

Create a stunning card featuring a stamped poppy design with horizontal coloured stripes running through it. Cut your stamped image into thin strips and reassemble them with gaps to reveal vibrant pink, green, blue and peach stripes beneath. This paper piecing technique creates a modern, segmented effect whilst keeping the poppy image perfectly aligned across the card.

STAP 5 VAN 9

Position the second pink strip directly below the first strip, aligning it so the poppy design continues seamlessly across both strips. Ensure the flower image matches up where the strips meet.

STAP 6 VAN 9

Continue adding strips in your chosen order, aligning each design element carefully. Hold the strip in place and smooth it down to ensure the stamped images line up perfectly with the previous pieces.

TIPS UIT DE SHOW

- Line the pieces of card back up like a jigsaw to ensure the design matches perfectly across strips.
- You can cut the strips at different angles or widths for variety, but straight cuts are simplest.
- Save all leftover pieces—they can be paper pieced together to create additional cards.
