

Ethereal Hand-Painted Navy Flower Card

EEN PROJECT UIT ONZE LIVESHOW - CREATE TOGETHER CLUB - 13 FEBRUARI 2025

OVER DIT PROJECT

Create a stunning ethereal card featuring a hand-painted blue flower on navy card stock. This elegant design combines heat-embossed gold leaves and floral details with watercolour washes to achieve a dreamy, misty effect. The technique demonstrates how to add vibrant colour to dark backgrounds using white ink as a base layer before applying watercolours.

STAP VOOR STAP

STAP 1 VAN 16

Score and fold your navy card stock to create a card blank approximately 6 by 4.5 inches.

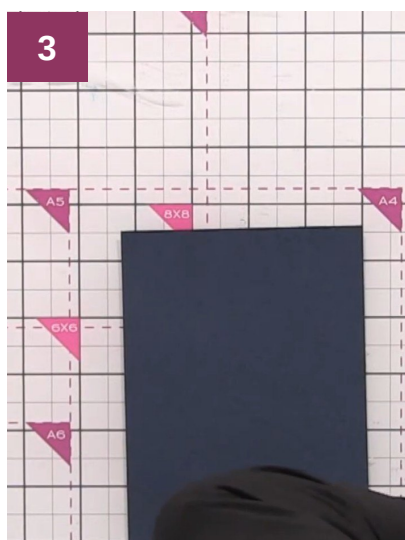

[BEKIJK DEZE STAP - 15:15](#)

STAP 2 VAN 16

Cut a second piece of navy card stock slightly smaller than your card base to create a working layer.

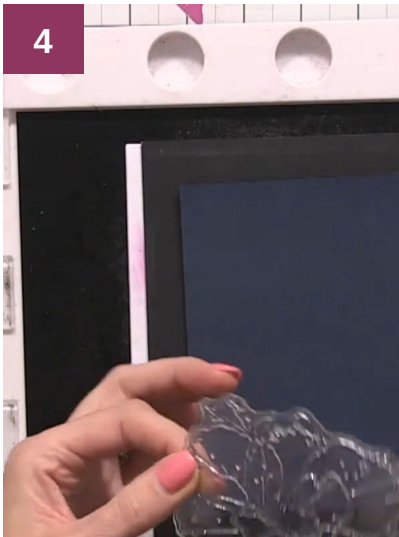

[BEKIJK DEZE STAP - 15:30](#)

STAP 3 VAN 16

Place the navy card stock on your craft mat. Use an antistatic bag to prepare the surface, then apply the Forever Lilies flower stamp using a sticky ink pad to stamp the image onto the navy card.

[BEKIJK DEZE STAP - 17:00](#)

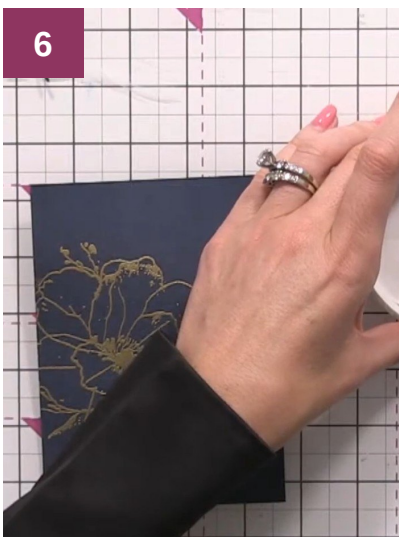

STAP 4 VAN 16

Apply gold embossing powder to the stamped image, ensuring it covers all the details and splats. Tap off any excess powder back into the container.

[BEKIJK DEZE STAP - 17:15](#)

STAP 5 VAN 16

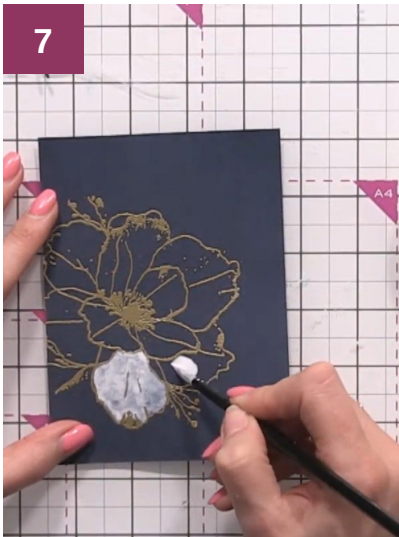

Heat set the embossed gold image on the navy card using a heat gun, moving it over the surface until the embossing powder is fully melted and shiny.

[BEKIJK DEZE STAP - 20:30](#)

STAP 6 VAN 16

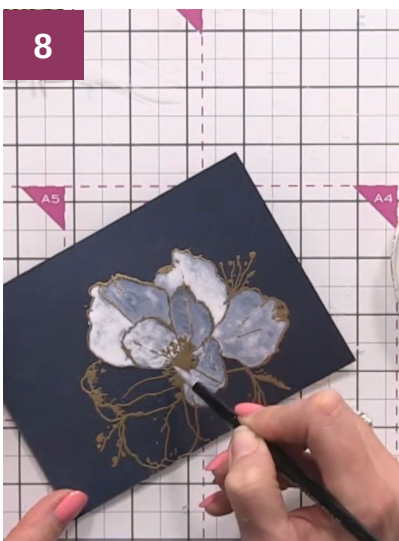

Add water to white ink in a palette to create a paintable consistency. Use a brush to mix the ink and water together until you achieve a fluid, workable paint.

[BEKIJK DEZE STAP - 27:30](#)

STAP 7 VAN 16

Paint the entire flower with the white ink mixture, carefully staying within the embossed gold lines. Use a paintbrush to apply the white ink evenly over all the petals and flower details.

[BEKIJK DEZE STAP - 28:00](#)

STAP 8 VAN 16

Allow the white paint to dry completely. Areas with more water will create a smoky, ethereal effect on the flower petals.

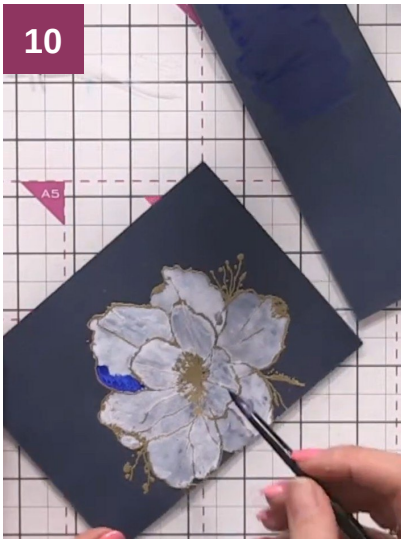

[BEKIJK DEZE STAP - 29:30](#)

STAP 9 VAN 16

Pick up blue watercolour paint with a wet brush and apply it to a piece of navy cardstock, creating a wash of colour. Work the paint onto the card surface to achieve the desired consistency and coverage.

[BEKIJK DEZE STAP - 35:00](#)

10

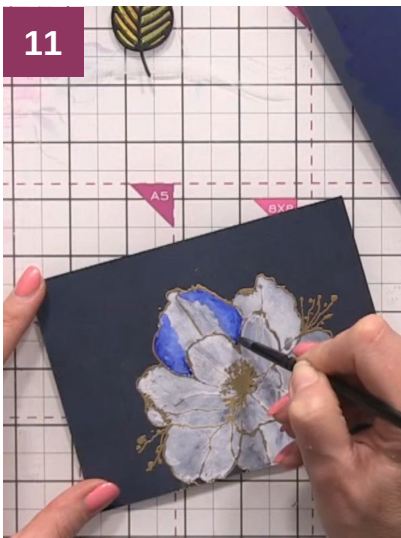

STAP 10 VAN 16

Using blue watercolour, paint the outer edges of each petal on the flower. Work on one petal at a time, carefully applying the colour to define the edges.

[BEKIJK DEZE STAP - 35:45](#)

11

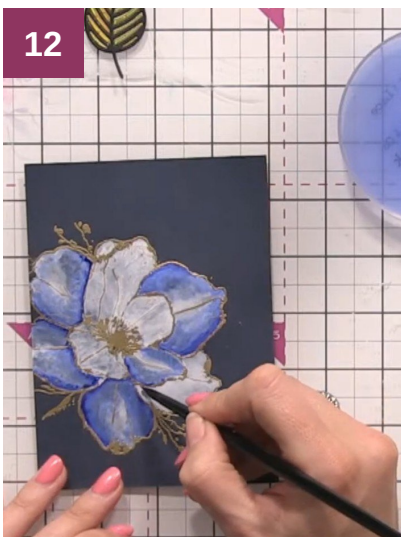

STAP 11 VAN 16

Clean your brush and dampen it with water. Blend the blue coloured edges inward toward the white centre of the flower to create a soft gradient effect.

[BEKIJK DEZE STAP - 36:30](#)

12

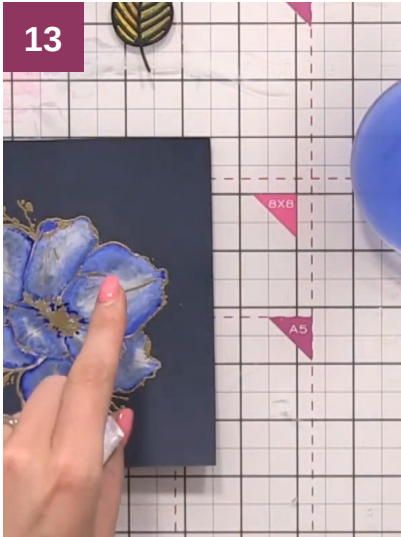

STAP 12 VAN 16

Once the paint is dry, add additional definition to the flower by painting darker blue details in the creases and around the gold embossing. Use a less-watered brush for more concentrated colour and precise detailing.

[BEKIJK DEZE STAP - 42:00](#)

13

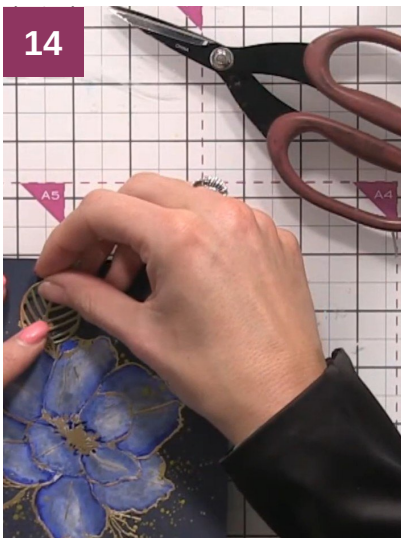

STAP 13 VAN 16

Wet your brush and add gold paint splats around the flower for decorative accents.

[BEKIJK DEZE STAP - 47:00](#)

14

STAP 14 VAN 16

Cut out the gold foliage skeleton leaves using the die-cut pieces. Layer and position them onto the painted blue flower design on the navy card.

[BEKIJK DEZE STAP - 50:30](#)

15

STAP 15 VAN 16

Stamp a sentiment such as 'Birthday Wishes' onto a small piece of navy card stock using gold embossing powder. Heat emboss to set the design.

[BEKIJK DEZE STAP - 53:00](#)

16

STAP 16 VAN 16

Heat set the sentiment using a heat tool. Trim down the sentiment piece and create a small foam pad by stacking pieces of card stock together.

TIPS UIT DE SHOW

- Use an antistatic bag when embossing to prevent powder from sticking everywhere except where you want it.
- If you get white paint on the gold embossing, it will brush off easily once dry.
- A damp brush can soften harsh lines and blend colours more smoothly if you're unhappy with the result.
