EEN PROJECT UIT ONZE LIVESHOW - HSN JANUARY PRODUCT PREVIEW - 23 JANUARI 2025

HET EINDRESULTAAT

OVER DIT PROJECT

Make this elegant card featuring an ombre butterfly with a striking reflection design. Using layering stencils, you'll create a beautiful gradient effect that transitions from teal through pink to orange, adding depth and visual interest. The reflection technique gives your butterfly card a sophisticated finish that's perfect for any occasion.

TIPS UIT DE SHOW

- Blend ink colours with your finger to avoid harsh lines between colours on the stamp.
- The reflection stamp is built so you don't have to worry about creating the reflection effect yourself—it's already designed into the stamp.
- You can make smaller versions of this card using just one colour instead of the ombre effect.
