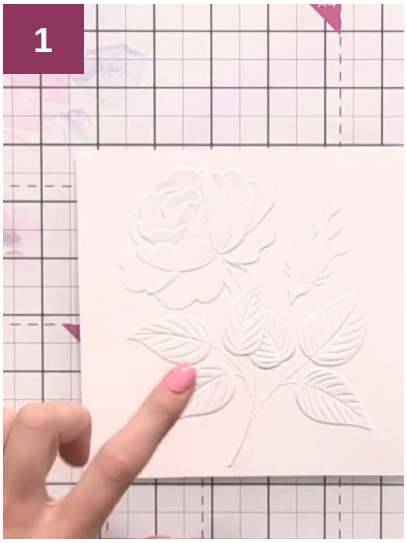
STAP VOOR STAP



STAP 1 VAN 12

Cut your watercolour card stock to size and run it through your die-cutting machine with the budding roses embossing folder to create the raised floral design.

STAP 2 VAN 12

Paint the leaves first by wetting them with clean water using a brush, then drop in diluted yellow ink to create a soft watercolour effect.

BEKIJK DEZE STAP - 38:00

STAP 3 VAN 12

Add diluted green ink down the centre and edges of each leaf whilst the yellow is still wet, allowing the colours to blend together on the paper.

BEKIJK DEZE STAP - 39:00

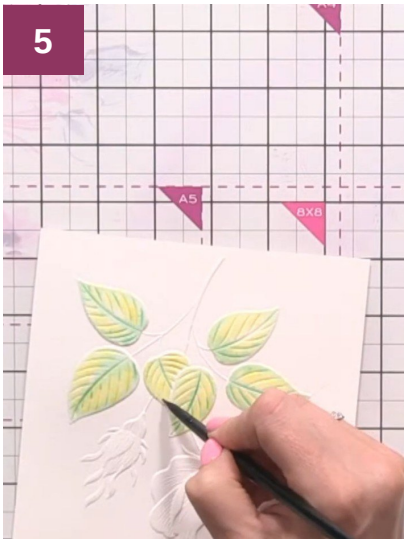
4

STAP 4 VAN 12

Add a touch of diluted orange to one side of the leaves using a fine brush to give them character and variation. Allow the colours to blend naturally on the watercolour paper.

BEKIJK DEZE STAP - 40:30

5



STAP 5 VAN 12

Add a slightly darker green shade to the root area and tips of the leaves to intensify the colour and create depth.

BEKIJK DEZE STAP - 42:00

6

STAP 6 VAN 12

Using a clean water brush, wet the first rose petal. Then apply diluted orange ink to the base of the petal and down both the left and right edges.

BEKIJK DEZE STAP - 46:00

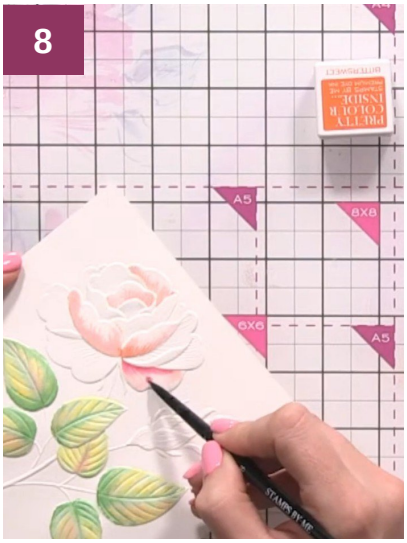
7

STAP 7 VAN 12

Repeat the water and orange watercolour technique on non-connecting petals to prevent colours bleeding into each other. Work on petals that are separated from the ones you've already coloured.

BEKIJK DEZE STAP - 47:30

8



STAP 8 VAN 12

Using a fine brush or pen, drop diluted pink ink into the centre and base of the orange rose petals to create an ombre effect. Work carefully to blend the pink with the existing orange tones.

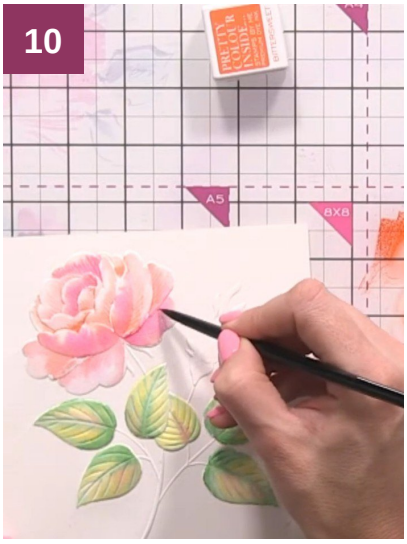
BEKIJK DEZE STAP - 48:30

9

STAP 9 VAN 12

Using a wet brush with orange watercolour, add colour to the base of additional petals on the embossed design. Keep the colour away from the petal tips, allowing them to remain lighter for a natural ombre effect.

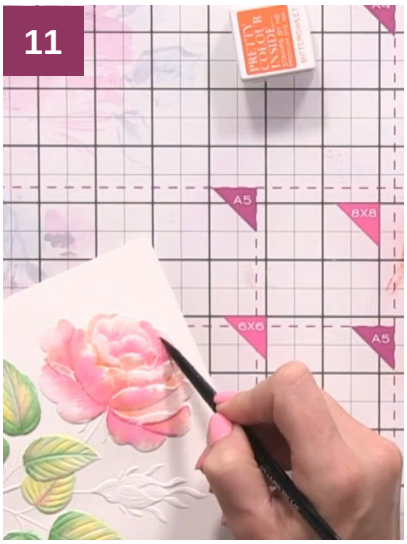
BEKIJK DEZE STAP - 50:00



STAP 10 VAN 12

Using a fine brush or pen, add darker pink tones to the base areas of the rose petals where shadows would naturally occur to create depth and dimension.

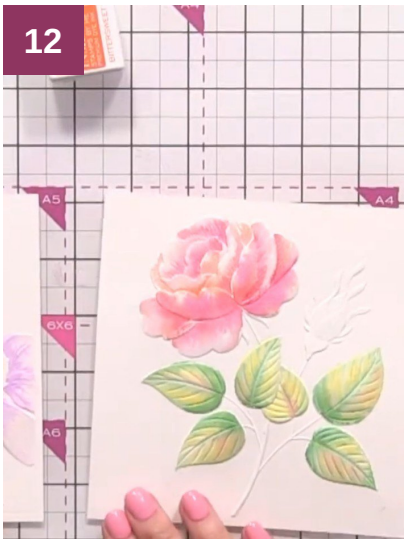
BEKIJK DEZE STAP - 53:00



STAP 11 VAN 12

Soften any harsh lines by using a damp brush to gently pounce over the edges of the watercoloured areas, blending the colours together for a smooth ombre effect.

BEKIJK DEZE STAP - 54:15



STAP 12 VAN 12

Allow the watercoloured embossed panels to dry completely. Once dry, trim each panel and mount onto your card base to complete your project.

BEKIJK DEZE STAP - 55:30

TIPS UIT DE SHOW

- Always stay away from the petal tips as they naturally lighten and should remain the palest area.
- Watercolour dries two shades lighter than when wet, so be brave with your colour application.
- If petals are connecting and bleeding together, allow each petal to dry slightly before moving to the next one.
