

Embossed Christmas Card with White Core Cardstock

EEN PROJECT UIT ONZE LIVESHOW - ONE DAY SPECIAL - 6 DECEMBER 2024

OVER DIT PROJECT

Create a beautiful festive Christmas card featuring an elegant embossed rose design. Using DCWV white core cardstock in a warm coral shade and the All Occasions embossing folder, you'll create stunning dimensional detailing that reveals white through the embossed areas when sanded. This simple yet sophisticated technique produces a professional-looking card perfect for the holiday season.

- You can use a sanding block to reveal the white core for extra contrast.
- The hand crank requires minimal pressure—it should feel smooth and easy to turn.
