

Slimline Embossed Card with Ink Pad Technique

EEN PROJECT UIT ONZE LIVESHOW - ONE DAY SPECIAL - 6 DECEMBER 2024

OVER DIT PROJECT

Create an elegant slimline card featuring a beautifully embossed design in coral and turquoise tones. This project uses the All Occasions embossing folder in a smaller format, with a clever technique of inking directly onto the folder to achieve stunning detail on both the raised and debossed surfaces. The result is a sophisticated card perfect for any occasion.

TIPS UIT DE SHOW

- You can use a brush to stipple or blend ink onto the embossing folder rather than applying it directly for more control.
- Working on both sides of the embossing folder gives you multiple design options from a single card.
