EEN PROJECT UIT ONZE LIVESHOW - ONE DAY SPECIAL - 15 NOVEMBER 2024

OVER DIT PROJECT

Create an elegant woodland Christmas card featuring a layered stag silhouette with tree line details. The design uses coordinating papers in warm coral and grey tones with die-cut elements to create a dimensional landscape effect. This project combines die-cutting, layering and paper piecing techniques to achieve a sophisticated festive look with 'NOEL' sentiment.

TIPS UIT DE SHOW

- You can reuse trimmed tree line pieces for future cards.
- The tree line die stays within the page, allowing you to build multiple trees without cutting out of the page.
- Use the stag as an embellishment in glitter cards or other projects if you prefer not to use it as a main focal point.
