EEN PROJECT UIT ONZE LIVESHOW - HOBBYMAKER TV - 15 AUGUSTUS 2026

OVER DIT PROJECT

Create a stunning floral card featuring vibrant poppies in rich coral-red tones with fresh green foliage. Using a multi-layer stencil system, you'll build up colour and dimension by applying inks in sequence to achieve a beautiful, artistic botanical design. This technique allows you to create professional-looking layered florals with depth and visual interest.
