2

STAP 2 VAN 11

Stamp the solid portion of your first lamination stamp onto the white panel using the colour ink pads. Apply pink, orange and teal inks to different areas of the floral design to create a watercolour effect.

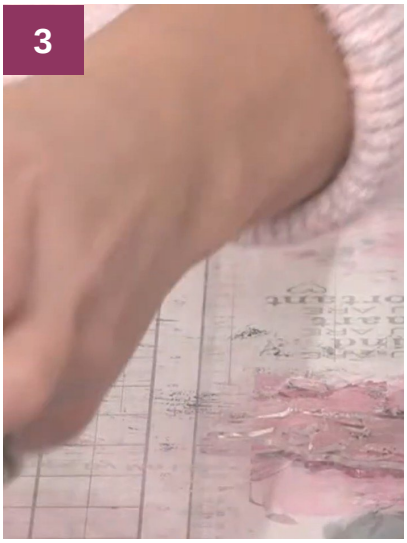
3



STAP 3 VAN 11

Spray the stamped panel with water several times to activate and blend the inks. Allow the card to absorb the colour and watch the watercolour effect develop.

4

STAP 4 VAN 11

Use a heat tool to completely dry the watercoloured panel before moving on to the next step. Ensure all the ink is fully dry to prevent smudging.

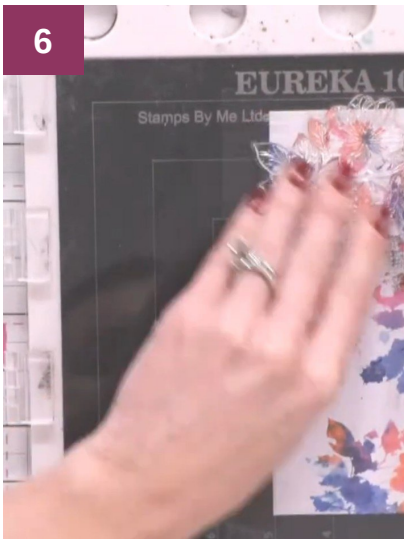
5

STAP 5 VAN 11

Using a sticky ink pad with gold embossing ink, stamp the detailed portion of the lamination stamp over the dried watercolour background to add fine line detail on top of the watercolour flowers.

BEKIJK DEZE STAP - 26:00

6

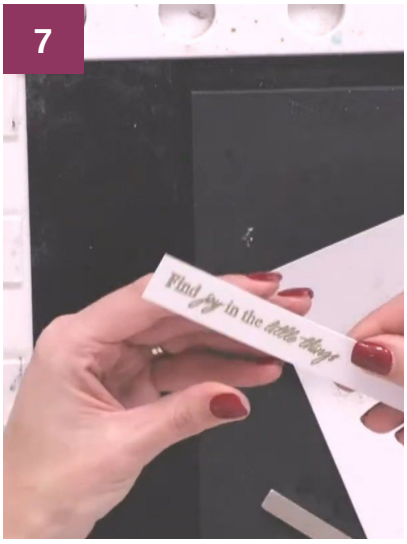


STAP 6 VAN 11

Apply gold embossing powder to the stamped floral areas. Tap off any excess powder back into the container.

BEKIJK DEZE STAP - 28:00

7

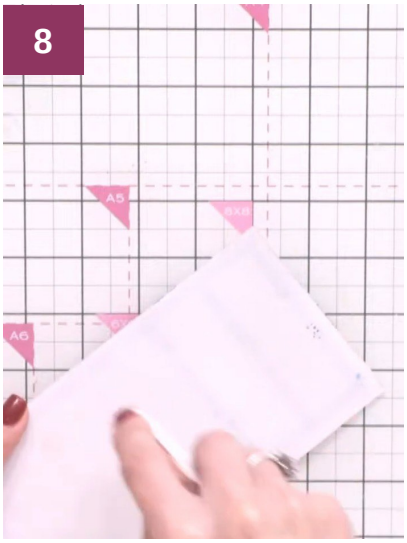


STAP 7 VAN 11

Heat set the embossing powder using a heat gun to create a raised, shiny finish on the stamped sentiment. Hold the heat gun a few inches away and move it gently over the embossed area until the powder melts and becomes glossy.

BEKIJK DEZE STAP - 33:00

8



STAP 8 VAN 11

Layer the decorated white panel onto the pink mat, then attach both layers to the white card base using adhesive.

BEKIJK DEZE STAP - 36:00

9

STAP 9 VAN 11

Stamp your chosen sentiment from the stamp set onto a white banner strip using black ink. Position the sentiment centrally on the banner.

BEKIJK DEZE STAP - 37:00

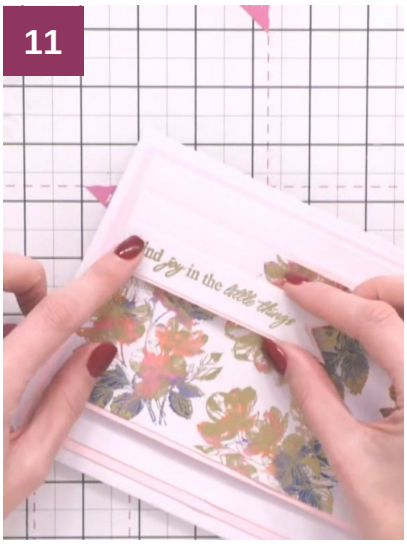
10

STAP 10 VAN 11

Trim the sentiment banner with decorative scissors to create a fishtail or banner tail effect at one end.

BEKIJK DEZE STAP - 38:00

11



STAP 11 VAN 11

Adhere the sentiment banner across the front of the card, positioning it over the floral design. Use adhesive to secure it in place.

TIPS UIT DE SHOW

- You do not need to use both parts of the lamination stamps; you can use just the outline if you prefer.
- The ink pads are soft cushion dye-based inks, so use only a light tap to transfer colour—do not bang the stamp.
- You can choose to stamp the detail portion multiple times to ensure all fine line detail transfers clearly to your card.
