EEN PROJECT UIT ONZE LIVESHOW - HOBBYMAKER TV - 8 AUGUSTUS 2026

### OVER DIT PROJECT

Create a beautiful two-part lamination card featuring an elegant teapot design with a watercolour effect background. The finished card showcases a decorative teapot stamp in rich blue tones, mounted on coordinating patterned papers with dimensional shadow work. This technique combines stamping, watercolouring and lamination to produce a professional card with depth and visual interest.

## TIPS UIT DE SHOW

- Use watercolour card stock for best results as the ink sits on the surface longer, allowing you to move it around; regular card stock will absorb the ink immediately
- If the detail stamp doesn't show clearly enough, you can go over it again with black ink to bring it to life
- Lamination looks fantastic even if the stamps aren't perfectly aligned
