STAP VOOR STAP

STAP 1 VAN 12

Die cut the large reindeer panel design from white card stock. This creates the white silhouette that will form the base of your dimensional card design.

STAP 2 VAN 12

Save the waste piece from the reindeer die-cut, as it creates a beautiful stencil effect showing the silhouette design with decorative stars and baubles.

STAP 3 VAN 12

Die-cut the tree silhouettes from white card stock using the stencil. Keep the die-cut pieces attached at the bottom of the card so they remain in place, then carefully snip them away from the card base.

STAP 4 VAN 12

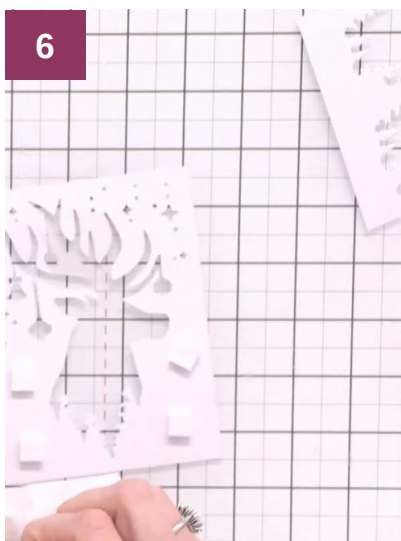

Select a patterned paper from the Merry and Bright collection to use as your card background. Place it on your craft mat ready to add the layered elements.

**STAP 5 VAN 12**

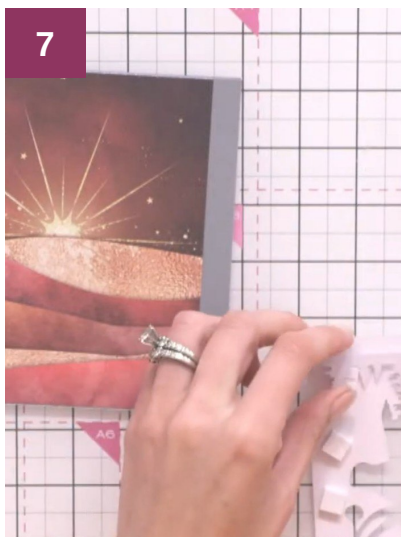

Adhere the patterned paper featuring the sunset scene to your grey card base using a tape runner.

**STAP 6 VAN 12**

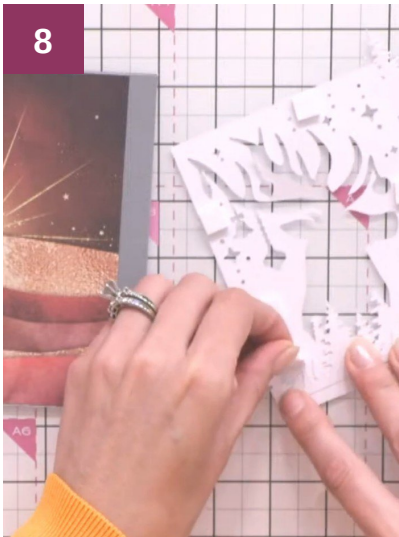

Add foam pads in random places on the back of your die-cut tree silhouette panel to create dimension.

[BEKIJK DEZE STAP - 37:30](#)

**STAP 7 VAN 12**

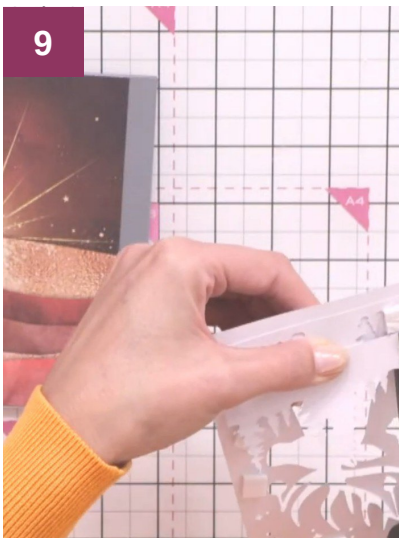

Position the white silhouette panel centrally on your card base and adhere it in place.

STAP 8 VAN 12

Layer the white tree die-cuts at varying heights behind the silhouette panel using foam pads to create a dimensional cascade effect. Position the trees so they show through the cut-out areas of the panel.

[BEKIJK DEZE STAP - 38:30](#)

STAP 9 VAN 12

Using scissors, carefully trim away any excess parts of the tree stencil that extend beyond the edges of your card base to create a neat finish.

[BEKIJK DEZE STAP - 39:00](#)

STAP 10 VAN 12

Position foam pads underneath the white silhouette panel. This will lift the panel and add extra dimension to your card design.
