Fussy-cut kaart met maan en vogels

EEN PROJECT UIT ONZE LIVESHOW - SBM EXCLUSIVE ONE DAY SPECIAL - 2 AUGUSTUS 2024

HET EINDRESULTAAT

OVER DIT PROJECT

Create a charming nighttime scene card featuring a crescent moon with birds perched on a branch. This whimsical design uses soft peach and navy tones with fussy-cut elements layered to build depth. The main techniques include fussy-cutting patterned paper, layering die-cut shapes, and adding embossed details to create a complete narrative scene.

TIPS UIT DE SHOW

- Place cardstock underneath thin paper before embossing to bring out more detail in the die-cut.
- Fussy-cut elements allow you to use the negative space as additional design pieces.
- Edge clouds with a grey ink pad or marker to add dimension and depth to the scene.
