

Shaped Guy's Card with Wallet Die and Circular Topper

EEN PROJECT UIT ONZE LIVESHOW - HOBBYMAKER TV - 10 OKTOBER 2026

OVER DIT PROJECT

Create a distinctive shaped card using wallet die components and a circular stamped topper. This masculine-styled card features neutral tones with leather-effect papers, white florals, and decorative elements. The project demonstrates how to repurpose wallet die pieces into a unique card design with a dimensional circular focal point.

TIPS UIT DE SHOW

- If you don't have foam pads, cut small pieces from your scrap card stock and layer them to create 3D dimension.
- You can use any sentiment stamps from your collection that fit the plaque shapes, not just those provided in the set.
- Keep white space visible on clean and simple designs rather than covering the entire card with pattern.
