

Escape the Ordinary Street Scene with Masked Character

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT TV - 27 MEI 2024

OVER DIT PROJECT

Create a striking layered street scene card featuring the Escape the Ordinary architectural stamp with a masked character from the Still Fabulous collection. This black and white composition demonstrates masking techniques to seamlessly integrate a dolly character into a detailed European street scene. The project showcases how to build depth and dimension by layering stamped images to create a professional, multi-dimensional card design.

STAP VOOR STAP

1

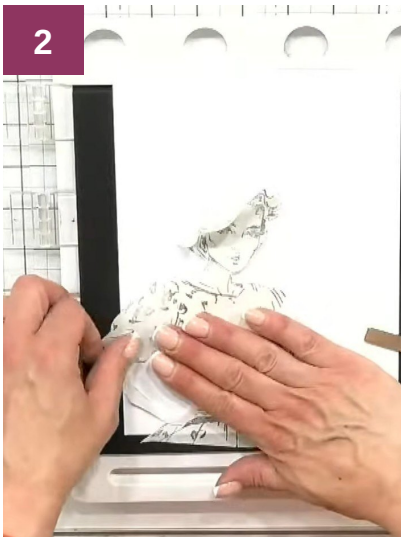

STAP 1 VAN 10

Create a mask for the Escape the Ordinary street stamp using **adhesive masking paper**. Cut a piece large enough to cover the area you want to mask and apply it to your work surface.

2

STAP 2 VAN 10

Cut out the mask from the stamped image to isolate specific areas of the street scene where you want to place your character. Use the mask to create diverse placement options for your focal image.

3

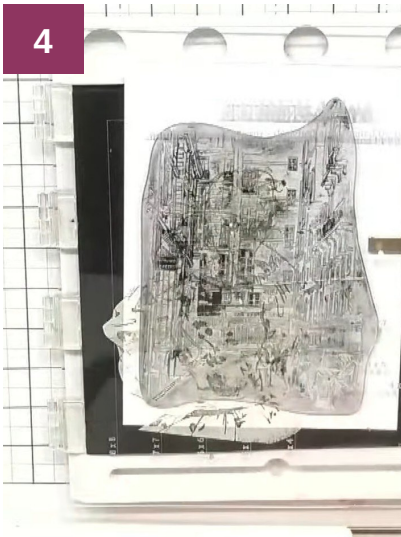

STAP 3 VAN 10

Position the clear stamp mask over the stamped character image on your white card stock. Press down firmly to ensure the mask adheres properly and protects the character area for subsequent stamping.

4

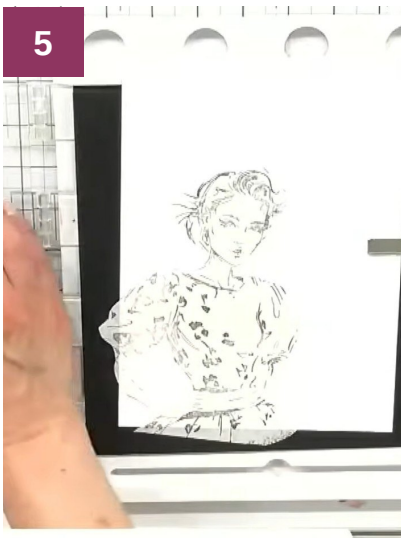

STAP 4 VAN 10

Stamp the Escape the Ordinary street scene stamp over the masked area using black ink.

5

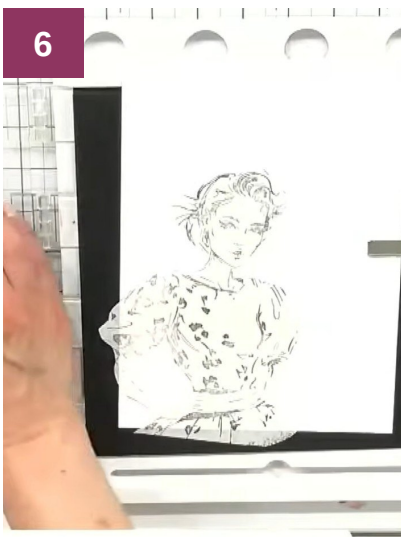

STAP 5 VAN 10

Carefully peel away the embossing folder mask from your stamped image. This reveals the protected white space where you will add your character, whilst the surrounding street scene remains coloured.

6

STAP 6 VAN 10

Stamp the Still Fabulous character onto white cardstock and position it within the masked area of the street scene. The character should be placed centrally in the masked space to create a focal point.

7

STAP 7 VAN 10

8

STAP 8 VAN 10

Colour the dolly character stamp to complement the street scene background. Use subtle tones that work with the monochrome aesthetic of the design.

9

STAP 9 VAN 10

Add additional details from the street scene stamp, such as birds or other elements, to enhance the composition and fill in any blank areas of the design.

10

STAP 10 VAN 10

Mount the finished street scene onto a black card base using a tape runner or glue, ensuring the stamped image is centred and secure.

TIPS UIT DE SHOW

- You don't need to use the whole stamp; you can use small pieces of the Escape the Ordinary street stamp to create diverse compositions.
- Masking allows you to create scenes that don't exist as pre-made stamps, giving you complete creative control.
- Consider mixing this street scene with other chapter stamps, such as Midnight Detective, to create themed compositions.
