EEN PROJECT UIT ONZE LIVESHOW - CREATE TOGETHER CLUB - 30 APRIL 2024

HET EINDRESULTAAT

OVER DIT PROJECT

Create a stunning A5 card featuring an elegant fish with flowing fins as the centrepiece. Using watercolour techniques, you'll paint the fish in beautiful purples and blues with gold confetti accents, then layer it dimensionally on a pink card base. Complete the design with decorative bubble embellishments for a serene, artistic finish.

STAP 9 VAN 12

Use a wet brush to drag and blend the colours on the fish tail, creating dimension and a watercolour effect.

TIPS UIT DE SHOW

- If you die-cut before stamping, pop the waste back into the recess of the die to hold the piece in place and prevent it lifting when stamping.
- You can extend the tail and create an even more beautiful ornate effect by manipulating the watercolour technique.
- Scale back the detail if you prefer a simpler look—you don't have to use every element at full impact.
