STAP VOOR STAP

STAP 1 VAN 8

Create a mop-up background by stamping leftover ink from your palette onto white card stock using aperture stencils and the lamp post stamp from the Trendsetter set. Layer the stencils to create depth and interest in the background.

TIPS UIT DE SHOW

- Don't waste ink—use mop-up backgrounds created from cleaning your brushes and stencils to create unique, artistic bases.
- When using embossing powder, tap the stamp at least four times to ensure good ink coverage before applying the powder.
- Use a white gel pen to add light areas and highlights, which makes a big difference in pulling the design together.
