

Gelaagde boekkaart met de Storyteller-stempel

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT TV - 25 APRIL 2024

HET EINDRESULTAAT

OVER DIT PROJECT

Create an elegant layered book card featuring a beautiful floral scene with dimensional depth. This project combines embossed edges, layered cardstock in cream and brown tones, and mixed media techniques including stamping and colouring. The finished piece showcases a vintage-style botanical image mounted on book page background with decorative framing for a sophisticated, textured effect.

STAP VOOR STAP

STAP 1 VAN 10

Stamp the Storyteller book image onto white decorative paper using black ink. Tap the stamp at least four times to ensure full coverage, especially in the blackout areas of the design.

STAP 2 VAN 10

Colour around the edges of the stamped book image using black ink to add depth and definition. Work the ink around the outer edges and inner details of the book to create shadow and dimension.

STAP 3 VAN 10

Cut two pieces of plain cream card stock slightly larger than your painted book card. Trim around the book shape to create matching layers that are slightly thicker than the painted piece.

STAP 4 VAN 10

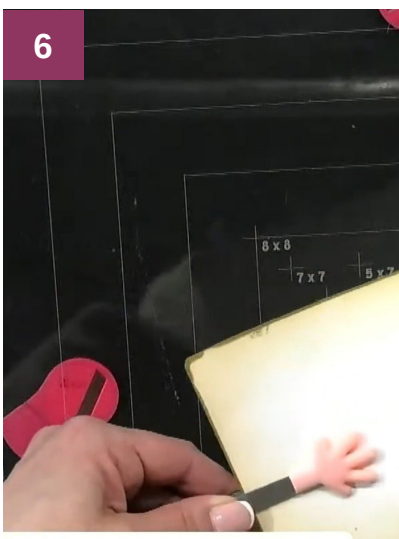

Apply embossing ink to the outer edges of your card pieces using an ink pad. Dust the inked edges with gold embossing powder, tapping gently to remove excess powder.

[BEKIJK DEZE STAP - 21:00](#)

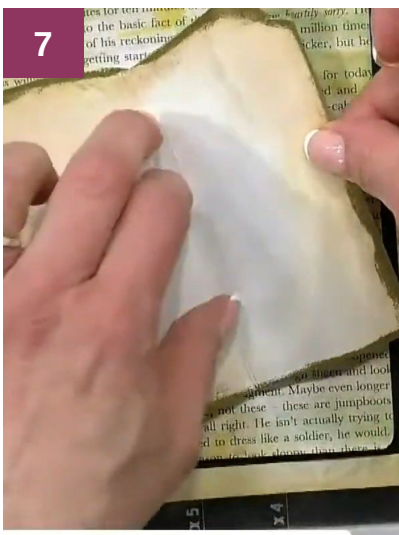

STAP 5 VAN 10

Heat emboss the edges of the cream card using a heat tool to set the gold embossing powder and create a framed effect around the edges.

[BEKIJK DEZE STAP - 22:00](#)

STAP 6 VAN 10

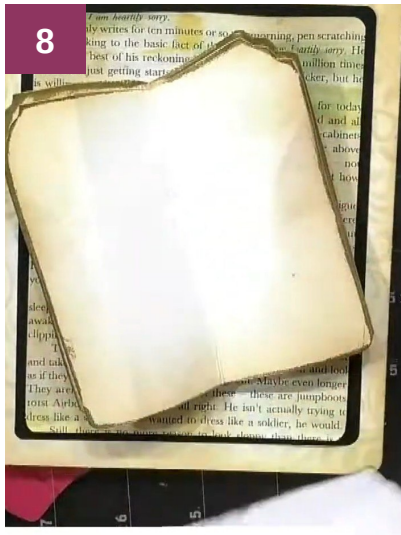

Fold each of the card pieces in half. Gently sculpt and curve the folded pieces with your hands to create dimension and shape.

[BEKIJK DEZE STAP - 22:45](#)

STAP 7 VAN 10

Apply foam pads to the reverse of each stamped layer. Use approximately 2mm thickness maximum to build up depth without creating excessive bulk.

[BEKIJK DEZE STAP - 24:00](#)

STAP 8 VAN 10

Layer the pieces together, starting with the base card. Add foam pads between each layer to create dimension. Position the stamped book piece with the distressed gold frame on top to complete the layered design.

BEKIJK DEZE STAP - 24:45

STAP 9 VAN 10

Layer decorative mesh or textured netting over the card base to add visual interest and dimension to your design.

TIPS UIT DE SHOW

- Use tweezers with hand-shaped grips rather than standard tweezers to avoid leaving imprints on embossed ink.
- Apply foam pads with 2mm thickness maximum to create depth without making the card too bulky.
- You can sell cards made using these stamps if you are creating them for commercial purposes.
