OVER DIT PROJECT

Create a theatrical showgirl card featuring the Great Show stamp with vibrant watercolour ink washes and gold pearlescent accents. WAT JE NODIG HEBT

STAP VOOR STAP

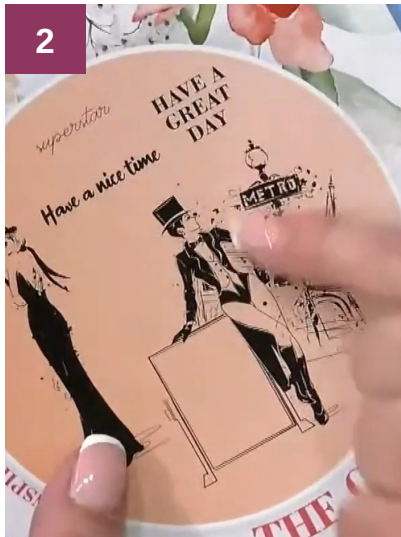

1

STAP 1 VAN 10

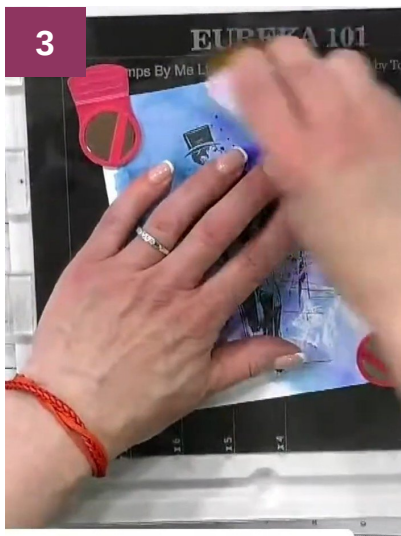

Stamp the Great Show character onto white or light card stock using black ink. Tap the stamp four times on blackout areas to ensure full ink coverage for solid black sections.

STAP 2 VAN 10

Colour the stamped character using pencils or markers to add dimension and detail to the figure. Focus on the elegant couple and Metro sign elements of the design.

[BEKIJK DEZE STAP - 43:00](#)

STAP 3 VAN 10

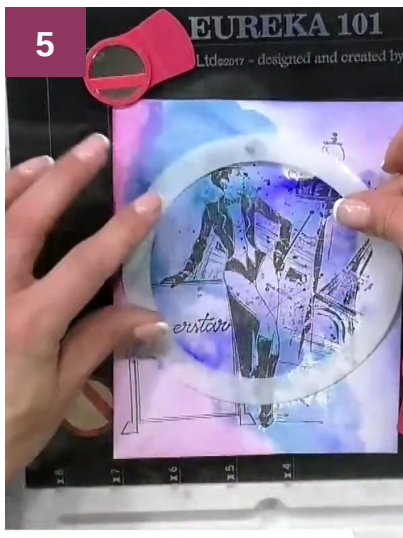

Apply purple and blue watercolour inks around the stamped image using Imala watercolour brushes. Tap gently on the edges and pull the colour inward to blend.

STAP 4 VAN 10

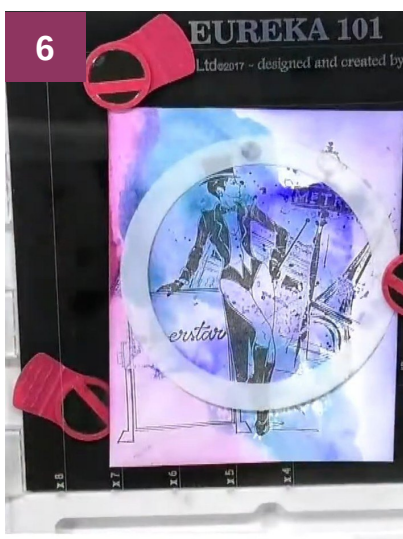

Build up rich colour gradually by layering the watercolour inks. Work from the edges toward the centre of the stamped design, allowing the colours to blend naturally on the card.

[BEKIJK DEZE STAP - 47:00](#)

STAP 5 VAN 10

Position an Imala stencil over the wet watercolour background and secure it with glue dots to prevent shifting. The stencil should be centred over the stamped image.

STAP 6 VAN 10

Load a fan brush with watercolour ink and splatter confetti or additional colour around the design to add texture and interest to your card.

[BEKIJK DEZE STAP - 47:45](#)

STAP 7 VAN 10

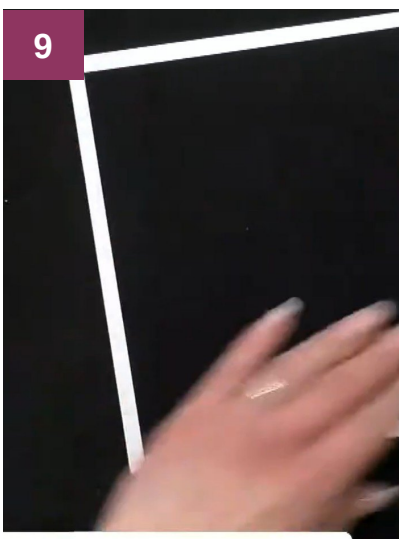

Dip a wet brush into gold pearlescent ink and apply it around the edges of the hot air balloon design. Allow the water to dilute the ink naturally, creating a drip effect that flows toward the centre of the image.

[BEKIJK DEZE STAP - 48:00](#)

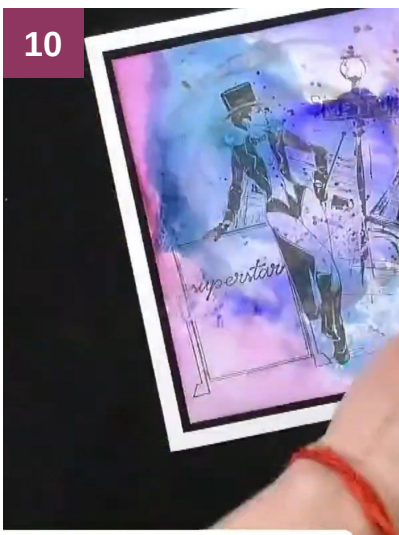

STAP 8 VAN 10

Allow the watercoloured piece to dry completely. Once dry, carefully flip the card over to work on the reverse side.

[BEKIJK DEZE STAP - 49:15](#)

STAP 9 VAN 10

Mount the finished stamped panel onto a black card base with a white border frame, ensuring even spacing around all edges.

[BEKIJK DEZE STAP - 50:00](#)

STAP 10 VAN 10

Adhere the completed stamped and watercoloured panel to a black card base to create the finished card.

TIPS UIT DE SHOW

- Use watercolour brushes with squeezable ink reservoirs; squeeze the ink into the nib and then paint or water it down as needed.
- When applying watercolour inks, use lots of water to dilute the colour and create transparent, flowing effects.
- Work on a clean surface on the reverse of your card to avoid getting an inky mess on your work area.
