STAP 7 VAN 9

Add foam pads to the back of your embellishments if you wish to create dimension, or attach them flat with glue for a simpler finish. Position the magnolia flowers and other decorative elements as desired on your card.

STAP 8 VAN 9

Add a stamped sentiment tag or decorative element to the top of your card to complete the design. Position the sentiment piece amongst the floral embellishments, ensuring it sits neatly within the arrangement.

TIPS UIT DE SHOW

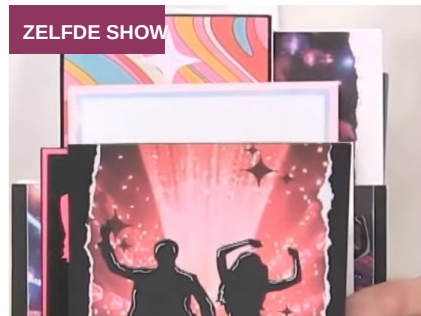

- You do not have to use foam pads on every element; it is totally up to your personal preference.
- You can cut tags in half to create a journaling effect that looks like it is coming out of a pocket.
- Do not be tight with your embellishments; you have plenty to go at, so use them generously.
