

Matching Envelope for 5.5 x 8.5 inch Card

EEN PROJECT UIT ONZE LIVESHOW - MY PODCAST - 22 APRIL 2024

OVER DIT PROJECT

Create a custom envelope to perfectly fit a 5.5 x 8.5 inch card using an envelope scoreboard. This elegant white envelope features clean, precise folds and is made using a simple one-measurement technique with clever line-matching for accurate assembly. The finished envelope provides a professional presentation for your handmade cards in this non-standard size.

STAP VOOR STAP

1

STAP 1 VAN 10

Cut an 11 x 11 inch (28 x 28 cm) square of paper in your chosen colour or pattern using your trimmer or scoring board.

[BEKIJK DEZE STAP - 48:15](#)

2

STAP 2 VAN 10

Place the paper on the scoreboard and position it so you can score at the 4.5 inch measurement mark.

[BEKIJK DEZE STAP - 48:30](#)

3

STAP 3 VAN 10

Using the envelope punch board, score the white cardstock at the 4.5 inch mark. This is the only measurement you need to take for creating the envelope.

[BEKIJK DEZE STAP - 48:45](#)

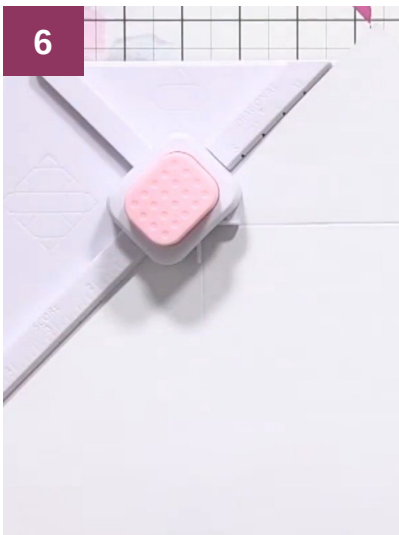

STAP 4 VAN 10

Position the envelope board so the 4.5 inch score line is aligned with the corner punch guide. Punch the corner using the pink corner punch tool to create a rounded edge at the score line intersection.

[BEKIJK DEZE STAP - 49:00](#)

STAP 5 VAN 10

Using the scoreboard, score down the length of the paper following the marked lines. Then score across the width, matching up with the scoreboard markings to create a grid pattern.

[BEKIJK DEZE STAP - 49:15](#)

STAP 6 VAN 10

Rotate the paper 90 degrees anticlockwise. Position the paper so that the score line you just made aligns with the previous score line on the envelope board.

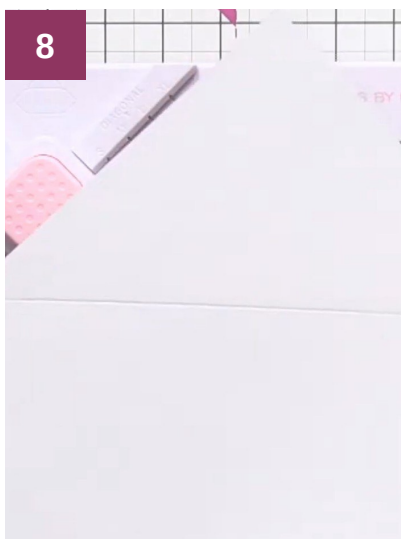

[BEKIJK DEZE STAP - 49:30](#)

STAP 7 VAN 10

Rotate the envelope board 90 degrees and align the card with the score line. Score across at this new position, then use the corner punch on the envelope.

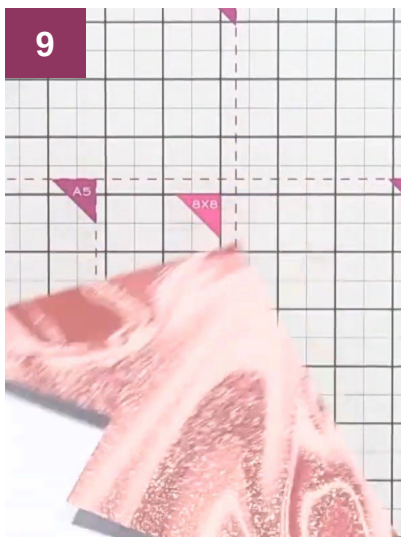

BEKIJK DEZE STAP - 49:45

STAP 8 VAN 10

Continue rotating the paper 90 degrees clockwise. Match up the score line with the measurement line on your board, score along the line, and punch the corner. Repeat this process for all four sides until complete.

BEKIJK DEZE STAP - 50:00

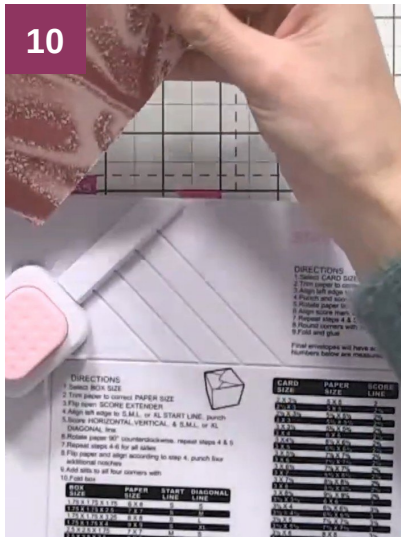

STAP 9 VAN 10

Use the corner rounder punch on the scoreboard to round the sharp point of the envelope flap. Position the pointed flap into the corner rounder and press down to create a smooth, rounded edge.

BEKIJK DEZE STAP - 50:30

10

STAP 10 VAN 10

Fold the envelope together along the score lines, bringing all flaps inward to form the envelope shape. Secure the side flaps with a small piece of tape or glue if desired to hold the envelope closed.

[BEKIJK DEZE STAP - 50:45](#)

TIPS UIT DE SHOW

- Only measure once - the 4.5 inch mark - then use line-matching for all remaining folds.
- You can use double-sided paper for a professional finish on both sides of the envelope.
- A small piece of tape can help secure the envelope if you prefer not to use glue.
