

Kaart met aquarelbloemen met lamination

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT TV - 9 APRIL 2024

OVER DIT PROJECT

Create a stunning birthday card featuring a beautiful lady with flowers in her hair, using the innovative lamination stamping technique. This project combines detailed line art stamps with watercolour effects in soft pinks, corals and turquoise tones, creating a realistic painted look without needing any artistic skill. The lamination technique allows you to blend coloured inks with water for a gorgeous, professional watercolour finish.

TIPS UIT DE SHOW

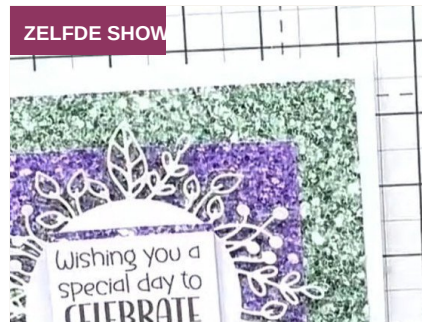

- Refer to the finished design on the front of the packaging to see where to place colours.
- Lamination naturally creates bleed and blend, which is realistic for watercolour.
- You can go back in with more ink if you miss an area.
