STAP 4 VAN 8

Spray the coloured hair area lightly with water to create a watercolour effect. The water will blend the pink and create a soft, marbled appearance.

STAP 5 VAN 8

Stamp the dark floral portion of the stamp into the wet coloured area on your card. This will create a hand-painted bouquet effect with the colours blending together.

TIPS UIT DE SHOW

- The 'All Surfaces' paper pad has a hammered metal appearance that looks like slate or satin when stamped.
- You do not have to use the watercolour technique; you can use the stamp as a regular stamp with alcohol markers alone.
- The stamp set includes lovely sentiments that you can use on tags or directly on the card.
