STAP VOOR STAP

STAP 1 VAN 11

Lay out your five numbered stencils in order. Check that the numbers are facing you and not reversed on the back.

STAP 2 VAN 11

Position stencil number one in the top corner of your white card blank, aligning it with the edge of the card rather than using the heart registration marks.

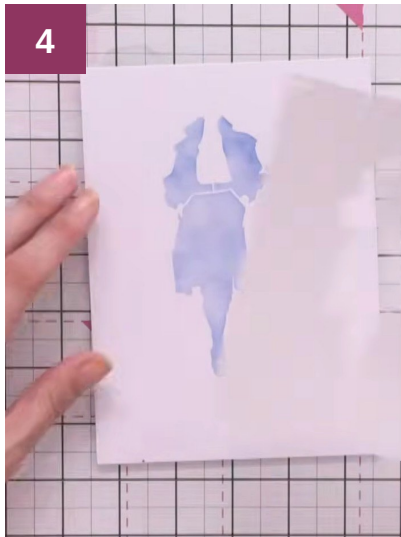

BEKIJK DEZE STAP - 1:18:00

STAP 3 VAN 11

Apply a light shade of teal ink through the first stencil using a blending brush, pressing gently onto the white card. Hold the stencil steady with your other hand whilst working.

STAP 4 VAN 11

Remove the first stencil and position the second stencil directly beside where the first one was. Apply the same blue ink pad with slightly more pressure to create a darker impression.

STAP 5 VAN 11

Continue layering with stencils three, four and five. Press progressively harder with each layer. For stencil four, change to a red or orange shade to add the interior jacket detail.

STAP 6 VAN 11

Stamp the Stella figure in black ink on top of the completed stencil layers, positioning her chin in the neck of the roll neck jumper and aligning her arms with the layered sleeve shapes.

STAP 7 VAN 11

Stamp the Stella lady figure again using black ink onto white patterned paper from the Couture Crosswalks collection. Position the stamp carefully to ensure a clear impression.

STAP 8 VAN 11

Cut out the jacket and trousers sections from the patterned paper piece, carefully cutting around the hands to keep them white.

9

STAP 9 VAN 11

Stamp the Stella lady figure onto white card stock for a third time. This will be used to create the inner torso or jumper piece for layering.

[BEKIJK DEZE STAP - 1:37:00](#)

10

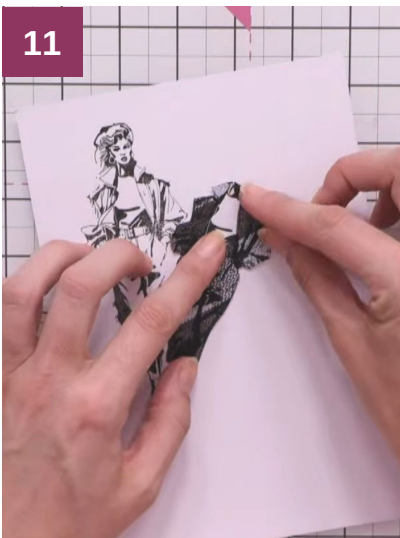

STAP 10 VAN 11

Cut out just the torso section from the white stamped piece, trimming around the figure's upper body.

11

STAP 11 VAN 11

Layer and glue the patterned jacket and trousers piece onto the stencilled base image. Then layer the white torso piece on top to create the three-dimensional paper-pieced effect.

TIPS UIT DE SHOW

- Always check stencil numbers are facing you, not reversed, or the stamp won't fit properly.
- When making one card, make five instead—do all stencil number ones, then all number twos, etc., to avoid repeatedly cleaning stencils and to build up embellishment stock.
- Don't worry if your paper piecing cuts aren't perfect; layering hides imperfections and the finished effect looks professional anyway.
