EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT TV - 11 MAART 2024

OVER DIT PROJECT

Create a vibrant greeting card featuring a stunning honeycomb background in cheerful yellow, pink, purple and teal. Using stencilling and ink blending techniques, you'll build up layers of colour before adding a bleach effect for extra dimension. The finished piece provides a bold, eye-catching backdrop perfect for your favourite sentiments.

TIPS UIT DE SHOW

- You can create a wiry mesh effect by pulling ink in from the sides of the stencil.
- The bleach technique lightens the ink as it dries, creating subtle texture.
- You don't need an even blend—the more variation, the more interesting the background.
