

Romantic Cityscape Silhouette Card with Reflection

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT TV - 9 FEBRUARI 2024

HET EINDRESULTAAT

OVER DIT PROJECT

Create a striking romantic cityscape card featuring a silhouette of a couple with umbrella against a dreamy pink and grey urban street scene. The design uses a shortened, faded reflection effect to mimic wet pavement, giving the card an atmospheric quality. This elegant piece combines stamping techniques with careful positioning to achieve a sophisticated, romantic result perfect for anniversaries or special occasions.

Ink the clear stamp with black ink, ensuring the entire image is well-covered. Position the stamp on the black cardstock where you want the reflection to appear.

STAP 4 VAN 8

Stamp the bicycle image onto the black card base, positioning it in the lower portion of the card beneath the cityscape scene. Press firmly to ensure a clear impression.

STAP 5 VAN 8

Position the urban street scene stamp on your black card, noting that the reflection portion of the stamp is already shortened and faded within the design. This creates a natural mirror effect for the water reflection.

STAP 6 VAN 8

If desired, add a sentiment from the included sentiment sheet. Position it below or beside the silhouette figure using a spray adhesive or glue.

Optional: Add sparkle or glitter glue to the reflection area beneath the silhouette to suggest moisture or wet surfaces on the rainy street scene.

TIPS UIT DE SHOW

- The reflection is already built into the stamp design, so you don't need to create it separately.
- If your ink is drying out and you get a jaded look, it actually enhances the effect.
- Keep highlights consistent—place them all on one side or top to suggest light coming from a single direction.
