STAP 4 VAN 7

Use grey or a lighter shade of your chosen colour to stamp the reflection portion of the design below the main image. This creates a softer, mirrored effect for the reflection in the water.

TIPS UIT DE SHOW

- The reflection is built into the stamp design, so you don't need to learn the reflection technique.
- You can use just the silhouette without the reflection for a different look.
- Grayscale effects work beautifully with this collection.
