OVER DIT PROJECT

STAP 2 VAN 11

Turn over the largest white flower piece. Apply a light coverage of pink ink to the back using a blending brush, removing any excess ink.

STAP 3 VAN 11

STAP 8 VAN 11

Pinch each petal of the largest white flower with your fingers to add dimension and shape. Work around the flower, gently pinching each petal to create a three-dimensional effect.

STAP 9 VAN 11

Take the largest flower piece and glue it down as your base layer. Position it where you want the flower embellishment to sit on your album page.

STAP 10 VAN 11

Layer the next size flower on top of the previous one, offsetting the petals slightly to create a more natural, organic appearance.

STAP 11 VAN 11

Add gem embellishments to the centre of your finished layered flower for sparkle. Position the gems carefully to complete your flower embellishment.

TIPS UIT DE SHOW

- You can use foam and ball tools if you have them to shape the flowers more realistically, but pinching with your fingers works just as well.
- Offset your flower layers rather than stacking them symmetrically for a more natural appearance.
- Add gems to the flower centres to make them sparkle and coordinate with your album colours.
