EEN PROJECT UIT ONZE LIVESHOW - CHRISTMAS ADVENT CALENDAR - 13 JANUARI 2024

OVER DIT PROJECT

Create this elegant layered birthday card featuring beautiful watercoloured papers in teals, pinks and corals. The design incorporates scored detail lines, die-cut banner strips in varying sizes, a decorative corner wreath, and sentiment toppers with arrows for a sophisticated finish. Perfect for non-Christmas occasions, this card combines watercolouring techniques with dimensional layering.

STAP VOOR STAP

STAP 1 VAN 10

Select your papers from the Radiant Rose pad. Choose pieces featuring teals, pinks, corals and greens, including a script-patterned piece and a striped piece.

STAP 2 VAN 10

Cut your selected patterned papers down to size. Run them through your A5 die-cutting machine to create banner strips in graduated sizes, as shown with the striped floral and script patterned papers.

STAP 3 VAN 10

Run the largest teal floral paper through the die-cutter first, followed by the script paper for the next size down, then the striped paper for the smallest banner.

STAP 4 VAN 10

Take your white card layer and use a score tool to create horizontal score lines across the top portion of the card. Space the lines approximately 1 cm apart, covering about a quarter of the card's height.

[BEKIJK DEZE STAP - 6:30](#)

STAP 5 VAN 10

Apply glue to the back of the white scored panel and adhere it to the teal card base, positioning it so the scored detail is visible on the front.

STAP 6 VAN 10

Position the pre-painted watercolour floral panel onto the teal card base. Smooth it down with your hand to ensure it is securely adhered and centred on the card.

STAP 7 VAN 10

Arrange your decorative sentiment banners on the card front, positioning them to add visual interest and guide the eye across the floral design. Try different placements with the 'Best Wishes' banner and other coordinating sentiments until you find an arrangement you like.

STAP 8 VAN 10

Adhere one sentiment topper flat at the top of the white scored line. Add a second sentiment topper with a foam pad behind it for dimension.

[BEKIJK DEZE STAP - 11:45](#)

9

STAP 9 VAN 10

Cut a small mat from your paper offcuts and adhere it behind the raised middle banner to hide any gaps or joins.

STAP 10 VAN 10

Add sparkle to the flowers using a glitter pen, applying it lightly to the pink roses and floral elements to avoid flooding the design.

TIPS UIT DE SHOW

- Don't throw away your paper offcuts as they can be used to create small mats and for future projects.
- Score lines add wonderful detail and prevent cards from looking flat at the top.
- If making one card, make three to get the most out of your materials and practice.
