

## Watercolour Bleed Floral Stencil Card

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT TV - 9 JANUARI 2024

### OVER DIT PROJECT

Create a beautiful floral card featuring delicate fern and leaf designs in soft blue and pink tones. Using stencils and vibrant ink pads, you'll blend multiple colours together and spray with water to achieve a stunning watercolour bleed effect. The pigment naturally bleeds and creates a soft, mottled artistic finish that gives your card an elegant, hand-painted look.

## TIPS UIT DE SHOW

- These ink pads are water-based and can be cleaned simply with water.
- The firm foam in the ink pads allows you to both stamp with precision and create background blending techniques.
- Be light-handed when applying these highly pigmented inks as they are very intense.
