

Tulip Embossing Folder Card with Vellum Overlay

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT TV - 8 JANUARI 2024

OVER DIT PROJECT

Create an elegant card featuring beautiful embossed tulips with a coordinated vellum overlay. This project uses the Pretty Florals embossing folder to create texture on both the card base and vellum, demonstrating how the same design can be used on different materials for a sophisticated layered effect. The finished card combines soft purple tones with delicate embossed details for a refined, dimensional look.

STAP 2 VAN 9

Run your purple card blank through the embossing machine with the tulip embossing folder to create a raised design on the card. This will emboss and deboss the design on both sides of the card.

STAP 3 VAN 9

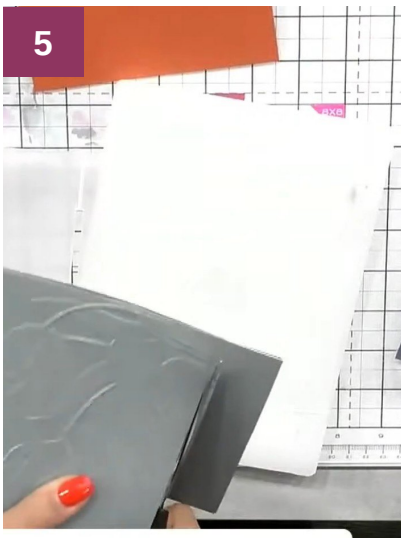

Run the embossed card through your die-cutting machine to ensure a flat finish. This will help remove any curling from the embossing process and create a smooth base for your card.
