EEN PROJECT UIT ONZE LIVESHOW - MY PODCAST - 8 DECEMBER 2025

OVER DIT PROJECT

Create a beautiful chrysanthemum floral card featuring layered die-cut flowers in soft pinks and purples on a rustic wood-effect background. This elegant design uses pre-coloured double-sided paper with connected die-cut flowers that are easy to assemble and layer. The finished card showcases dimensional blooms with delicate petals and foliage, perfect for any occasion.

STAP 3 VAN 10

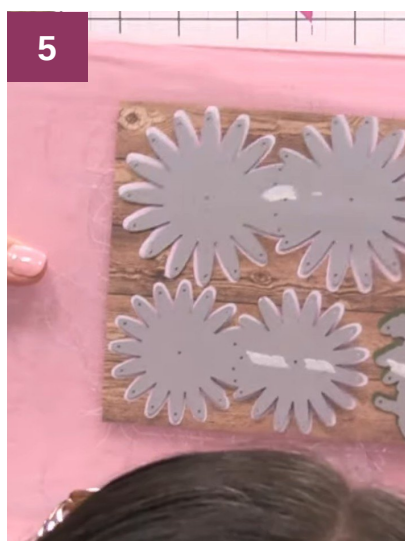

If the die-cut flowers don't align properly with the white outlines on one side of the pink cardstock, flip the cardstock over to use the reverse colour side for better alignment.

STAP 4 VAN 10

Position the die plate with the chrysanthemum flower shapes onto your chosen cardstock. Secure the die plate firmly in place using tape or hold it down with your hand to prevent it from shifting during cutting.

[BEKIJK DEZE STAP - 55:00](#)

STAP 5 VAN 10

Place the die-cut plate with your paper onto the pink cutting platform. Run the paper and die plate through your die-cutting machine to cut out the chrysanthemum shapes.

[BEKIJK DEZE STAP - 55:15](#)

STAP 6 VAN 10

Remove the die-cut flower pieces from the pink cardstock. Observe the embossed detail created by the die on the petals of the chrysanthemum flowers.

[BEKIJK DEZE STAP - 56:00](#)

STAP 7 VAN 10

Pop out all the individual flower and leaf pieces from the die-cut sheet. Carefully remove each chrysanthemum flower and foliage element from the pink die-cut cardstock, ensuring clean edges.

[BEKIJK DEZE STAP - 56:30](#)

STAP 8 VAN 10

Layer the die-cut chrysanthemum flowers onto your card base, offsetting them slightly to create depth and dimension. Position the white flowers over the wood-effect background pieces and add the green foliage elements between them.

[BEKIJK DEZE STAP - 57:00](#)

STAP 9 VAN 10

Position the green foliage pieces between and around the grey chrysanthemum flowers on the wood-effect panel. Arrange them to create a natural-looking bouquet, filling the spaces between the blooms.

STAP 10 VAN 10

Store any unused die-cut pieces back in the coordinating envelope for future use. This helps keep your craft supplies organised and ensures you can use leftover pieces in other projects.

TIPS UIT DE SHOW

- The double-sided paper means you can choose which colour side to display based on your card design.
- You can mix and match leaves from different flower sets to create unique combinations.
- The connected dies stay together on a plate, eliminating the need to tape down individual dies.
