

Trendy Triangles-kaart met schaduweffect

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT TV - 30 DECEMBER 2023

OVER DIT PROJECT

Create a striking geometric card featuring layered trendy triangles in a rainbow of colours from pink through yellow, green and purple. The triangles are arranged to create a dramatic drop shadow effect, giving depth and dimension to your design. This clean and simple card uses die-cutting and layering techniques to build a modern, eye-catching piece perfect for any occasion.

3

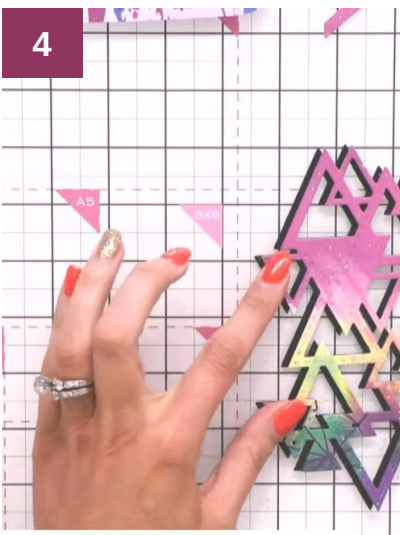

STAP 3 VAN 9

Cut a second version of the triangles from black card stock using the same die. This will create the drop shadow effect for your design.

4

STAP 4 VAN 9

Layer the coloured triangle piece on top of the black outline version, offsetting it slightly to create a drop shadow effect. The black outline should be visible around the edges of the coloured triangles.

STAP 5 VAN 9

Position the layered black triangle design onto the grey card blank.
Use adhesive tape or glue to secure it firmly in place.

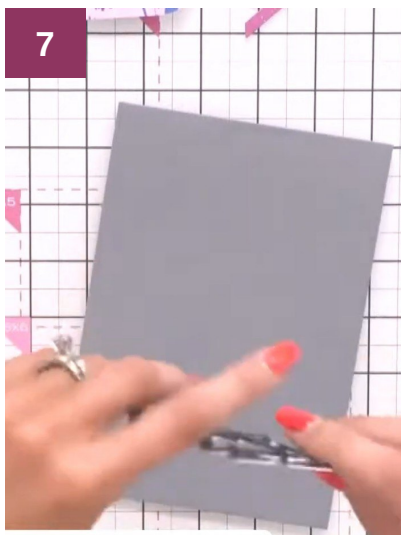

[BEKIJK DEZE STAP - 47:15](#)

STAP 6 VAN 9

Position the triangle design off to one side of the grey card base rather than centring it, creating an asymmetric layout.

[BEKIJK DEZE STAP - 47:45](#)

STAP 7 VAN 9

Trim away any excess die-cut triangles that hang over the edge of the grey card base to make them flush with the sides.

STAP 8 VAN 9

Add a washi tape sentiment to the card. Position it towards the bottom of the triangles design to complete your card.

9

STAP 9 VAN 9

Apply media glitter over the triangles to add sparkle and create a glass-like finish. The glitter will enhance the design and add extra dimension to your card.

TIPS UIT DE SHOW

- Layering the triangles the opposite way creates a totally different look, like mountains.
- The stitch detail runs all the way through the design, adding extra visual interest.
- This design works brilliantly for gents cards due to its geometric, tire-track-like appearance.
