

Kaart met ombré-jurk en lamination stamps

EEN PROJECT UIT ONZE LIVESHOW - BRAND NEW LAUNCH ON CREATE AND CRAFT TV - 4 DECEMBER 2023

OVER DIT PROJECT

Create a stunning card featuring an elegant gown design with a beautiful ombré effect in pink and purple tones. Using two-part lamination stamps, you'll build up layers to create a dimensional floral lily motif that appears to cascade down the dress. The technique combines solid colour stamping with detailed black outlines to achieve a professional, artistic finish.

STAP 2 VAN 8

Spray the inked stamp lightly with water using a water spray bottle. This will help the colours blend together smoothly for an ombré effect.

STAP 3 VAN 8

Stamp the coloured portion onto your card stock, pressing firmly to transfer the full image. Ensure even pressure across the stamp to achieve complete coverage of the design.

STAP 4 VAN 8

Ink the detailed dress stamp with black ink. Carefully line up the straps of the stamp with the coloured watercolour layer beneath and stamp down to create the artistic flare effect.

STAP 5 VAN 8

Stamp the detailed dress layer on top of the coloured ombré base. Don't worry about perfect alignment - slight misalignment adds to the artistic, hand-crafted effect.

STAP 6 VAN 8

Stamp a sentiment onto your card to complete the design. Position the stamp where desired and press firmly to transfer the image clearly onto the card front.

For added dimension, stamp the image a second time, carefully cut out the figure, and attach it with foam pads over the original stamped image to create a 3D effect.

TIPS UIT DE SHOW

- Lamination stamps don't have to be perfectly aligned; slight misalignment adds to the artistic, hand-painted look.
- You can use any ink pads in your stash; the system works with different brands and colours.
- If you don't want to use the solid coloured portion, you can use just the detailed layer and colour it yourself with markers or brushes.
