Kaart met geëmboste bloemenachtergrond

EEN PROJECT UIT ONZE LIVESHOW - BRAND NEW LAUNCH ON CREATE AND CRAFT TV - 4 DECEMBER 2023

HET EINDRESULTAAT

OVER DIT PROJECT

Create an elegant floral card featuring a beautifully embossed background in soft blues and pinks. Using an embossing folder inked on both sides, you'll achieve a sophisticated two-tone textured effect with both raised and debossed elements. The technique frames a delicate floral focal image, perfect for special occasions and greetings.

Layer your stamped gown image on top of the embossed background, positioning it to create an attractive framing effect. The embossed floral pattern will provide a textured backdrop for your dress design.

TIPS UIT DE SHOW

- Inking both sides of the embossing folder gives you two different finishes to choose from.
- If the two-tone effect looks too stark, you can swipe white ink over it to soften the contrast.
- Place a piece of card behind the embossing folder to prevent lines appearing on your project when running through the machine.
