EEN PROJECT UIT ONZE LIVESHOW - PRODUCT PREVIEW - 1 DECEMBER 2023

HET EINDRESULTAAT

OVER DIT PROJECT

Create an elegant gown card with a stunning blue ombre effect that flows beautifully down the dress. This sophisticated design uses ink blending techniques to layer and merge two shades of blue on the solid portion of the stamp, then adds intricate dress details on top. The finished piece is mounted on a black card for a dramatic, gallery-style presentation.

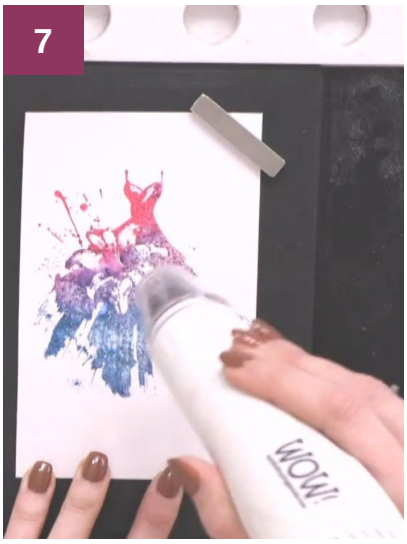
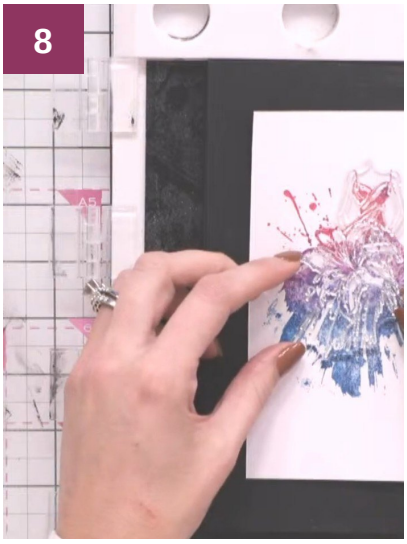
7



STAP 7 VAN 8

Line up the detailed dress stamp and stamp it on top of the watercoloured image using black ink. This adds definition and detail to the gown design.

BEKIJK DEZE STAP - 33:30



STAP 8 VAN 8

Continue stamping the design multiple times to build up definition and depth in the details of the gown. Layer the stamped impressions to create a more dimensional and polished look.

TIPS UIT DE SHOW

- Blend the colours in the middle to avoid a harsh line between the two shades.
- You can pull colour up the sides to create more variation in the ombre effect.
- Stamping the detailed portion multiple times builds up the depth and makes the design more visible.
