

Gelaagde bedankkaart met collage-stempel

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT TV - 28 NOVEMBER 2023

OVER DIT PROJECT

Create an elegant layered thank you card featuring a decorative collage-stamped background in metallic gold and silver tones. The card showcases a textured, vintage-style stamped panel mounted on glittery gold cardstock, finished with a white die-cut 'Thank You' sentiment. This project uses simple layering techniques and collage stamping to achieve a sophisticated, dimensional look with minimal embellishment.

TIPS UIT DE SHOW

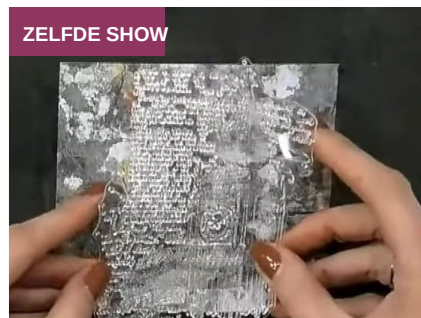

- The collage stamps are designed to work as one-and-done images, so you don't need to add much else.
- You can use just portions of the stamp design by only inking up specific elements if you prefer.
